Because shipping costs are different depending on where you're located and the products you purchase we decided not to build shipping into our prices. We charge actual logistics rates.

Actual cost of shipping will be added to all orders based on our Logistic Rates. Other options like Freight are available and you can schedule your own carrier.

Rush Orders

Most orders ship within 2 working days: some variances apply, so please ask. "Rush Orders" (if we are able to accommodate them) this will incur an additional handling fees

Backorders

Backorders are not automatically processed unless requested. We record backorders as sales orders and you can ask if we have any open sales orders for your business and add it to your next order. If there are generally 10 or more of an item on back order we are likely to record backorders and ship when back in stock. We may call you to see if you would like to add to your order. Shipping is charged on all shipments made. You may specify your backorder preferences.

Special orders

We accept special orders, prepaid only. Prices charged will be those in effect when the items are received in our warehouse. Items must be ordered in case lots. There are no returns or refusals allowed on special orders.

Returns/Damages/Corrections:

Wholesale customers must notify us within 2 days of receipt of your order regarding damage, errors, adjustments, or returns. If you have ordered in error, you pay for return shipping and may be charged a 15% restock fee. If equipment is defective or needs repairs during the warranty period please contact the manufacturer. Equipment returns must be in the original unused condition with original cartons, all manuals, papers and accessories and must be shipped prepaid and will be subject to an 18% restocking fee. Returned goods must be in good, unmarked and saleable condition. We will determine whether or not the product should be returned to us before we will honor a claim. Before you return any product, call us for Return Merchandise Authorization (RMA) number. For damaged shipments, you must save the original boxes items and packing materials. Wholesale customers receive store credit for returns or account adjustments.
